

Gabrielle

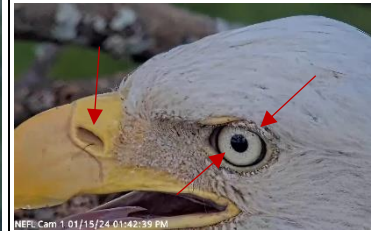

Gabrielle

Beau

Beau

- Small patch of black feathers on right side of head above and behind eye.
- Upturned gape (Mona Lisa smile)
- Light Grey feathering "racing stripes" below and behind eye curving down to front of neck (fading more each year)
- Distinct dark feathers sprinkled through lower neck feathers
- Brow over eye is flatter, extends back farther
- Distinct bump on beak; Thinner teardrop or "S" shaped nare

- More elliptical, fatter nare
- Dark mark just below and right of right nare
- Pronounced point at back of eye
- Upturned gape
- Tan/yellowish feathers alongside of head and in back
- Two flecks in left eye – one at 8 o'clock and one at 2 o'clock (faint speck in right eye is sometimes visible at 7 o'clock)

- Note shape of nape; feathers almost all white

- Note notch in nape of neck feathers
- Center line of back head feathers somewhat tan/yellowish
- Dark feather just above notch in nape

2 small indentations top of cere

- Note marks up upper part of tail
- Tail mostly white but edges appear to have tan/yellowish tint

- Tail has grayish smudge-like areas throughout – tail looks "dirty"
- Note small dark slash/mark on inside right tail feather – only visible when tail is fanned.

Gabrielle's feet, toes are darker in color, larger, thicker, very clean

Beau's feet smaller, lighter in color & have several healed wounds & scars

Size Difference – Gabrielle (bottom of picture) is larger
